

Humanitarna akcija ***r(R)ijeka za Ukrajinu***

Danima već svjedočimo ratu i stradanjima u Ukrajini. Nažalost, jasno nam je da nije riječ o neugodnoj varci koja će ubrzo prestati. Vraćaju nam se slike ratnog vihora koji smo i sami prolazili tijekom Domovinskog rata te smo svjesni brojnosti izazova koji čekaju ljude u Ukrajini.

Želimo pomoći, olakšati patnje ljudima, pridonijeti na bilo koji način. Onako kao što smo to uvijek u takvim trenucima činili.

Naš kolega Oleksandr Tiškovski je, kao službeni predstavnik dobrotvorne organizacije „Odbor za medicinsku pomoć Zakarpattya“, primio hitnu molbu za pomoć u lijekovima i medicinskoj opremi koja bi u velikoj mjeri olakšala ukrajinskim liječnicima spašavanje ljudskih života i saniranje ozljeda.

Stoga, zajedno s kolegom Oleksandrom Tiškovskim pokrećemo humanitarnu akciju

r(R)ijeka za Ukrajinu

U prilogu je popis potrebnih lijekova i medicinske opreme.

Navedeno u popisu možete donijeti u prostor Gimnazije

svakoga dana od 8:00 do 10:00 ili po dogovoru.

Hvala!
